Munanu's Rough Experience. The American bark Nuuanu, Captain Josselyn, arrived in port yesterday morn-

ing from New York, having been 153 days on the voyage.

Her trip was eventful and rough. Her commander has made seventeen trips around the Horn, but he never before made one as rough as the voyage just

safely ended. Almost from the time the vessel sailed from New York bad weather was experienced. During a terrible hurricane she lost a man. He fell from the rigging

and was killed. For thirty-eight days the Nuuanu lay off the Horn. Once in the Pacific, however, better weather was encountered. The Nuuanu sailed from New York on the 21st of December. After all her battles with the elements she came into this !! Brewer & Co 1,000,000 100 port looking as spick and span as a new vessel. The Nuuanu brought two passengers from New York, John and George Nichols, relatives of one of the firm of Brewer & Co.

Besides a large general cargo she has two yachts aboard, one of them being for E. A. Mott-Smith, Yesterday afternoon the vessel commenced to discharge at the Irmgard wharf.

Baggage for the Coast.

The agents of the steamship Sonoma have issued notice to the effect that all baggage intended for the coastwise compartment aboard that vessel must be delivered not later than two hours before the departure of the vessel this morning. The Sonoma is booked to sail for San Francisco at 9 o'clock.

The Paramita Arrives.

The American ship Paramita, Captain Backus, arrived yesterday from Newcastle after a voyage of sixty days. The schooner Rosamond sailed yesterday afternoon for San Francisco with a load of sugar.

The Australian Federation.

MELBOURNE, May 11.-The program today opened with a great procession of friendly societies and trades, It was one of the finest trades processions ever held in Australia.

The royal party viewed it from the pavilion on the steps of Parliament House. The Duke and Duchess were Reople's 2 Ref. Co. 89,000 100 2,000,000 100 greatly interested in the various tab-

effect. The coal miners showed men blast-

ing coal in a mine, while above, on the

grass, boys played cricket.

The Farriers' Union had a forge at work, and a fine silver horseshoe was thrown from the car to the royal pawas handed to the Duchess, who bowed her acknowledgment to the workmen. NEAL-At Kealia, Kauai, May 12, 1901, to the wife of J. W. Neal, a son. vilion as an emblem of good luck. It

After diligent research an Advertiser reporter has succeeded in gleaning the following guesses as to the various stunts to be performed at the Advertising Tourney this evening. The secrets of the actual turns have been jealously guarded by the various firms, but leaks occur in the most rigid of bodies and the many supes and actors employed have been decoyed after rehearsal into giving away the following hints:

The first event of the evening will be the stunt of the Bulletin Publishing Co. It will consist of a four-minute bout with

The Union Feed Co., Ltd., propose to exhibit two head of cattle, brand not yet decided upon, one raised on Mellin's food and one on Union food.

A trusted employe of E. O. Hall & Son will do trick riding on one of their bicycles and shoot clay pigeons to be flown from the gallery-all this without dismounting.

The Pacific Life Insurance will tell now to "get rich quick" by taking out a life policy, during which time Lewis & Co. will refresh the audience by distributing choice samples of candy.

But watch out for the Davey Photo Bring your dark glasses for this act; but whisper it low-some of "society" will appear in "living pictures;" some with "Persian" costumes and some without. While the armless wonder will 'hit a box" furnished by the Bergstrom Music Co. and beat out ragtime. After that the National Cash Register

Co. will give "sleight-of-hand" performances on their machines, demonstrating how to register bribery without detection, showing a list of the entire audience and announcing the net proceeds of the

Bailey's Honolulu Cyclery Co., Ltd., are going to give an exhibition of a military band on parade mounted on wheels, while the band plays on"-bicycles.

Bring your money-for Bruce, Waring & Co, are going to use their time and the people to advantage, and will sell choice house lots over the foot lights-a five-spot down and monthly payments.

Then the California Feed Co. will have a chance to exercise their advertising ingenuity, and will give a correct imitation of how to do business on business principles.

Unluckily, the Pacific Hardware Co. are the therteenth number on the program. Whether unluckily for them or for the audience is yet to be learnt. They promise a "howler"-not a hula." W. W. Dimond will present an interesting exhibition of self-food-cooking stoves and say it will be a red-hot num-

Those wishing to "become beautiful" will be interested in the Hobron Drug Co.'s illustrated lecture on "The Complexion or How to Save \$500."

"Four minutes in an athletic store" will be Pearson & Potter's means of exhibiting their wares. High and lofty tumbling, a stage game of baseball, a round of golf and set at tennis will have any "three-ring" circus biting the dust. The rest of the evening's entertainment is to be a complete surprise and will be well taken care of by the Hawaiian Fertilizer Co. It is said, however, that it will be a stupendous production.

The "Standing Room Only" sign is already out at the box office, and seats are in the hands of sidewalk speculators who are demanding large premiums.
